sales@evocative.com

Evocative's enterprise grade data center located in Los Angeles is a state-of-the-art facility built from the ground up to support your unique hosted and colocation IT needs. We deliver **best-in-class cloud-based services** with security and availability at their core. To that end, this data center is **HIPAA, PCI DSS, SSAE 16, SOC 2 and ISAE 3402 certified**, meeting rigorous security and protocol standards.

We also have a proven track record of consistently delivering a **100% uptime SLA**. Whether you require a fully managed server to run cloud applications, a custom designed space to meet your colocation requirements or want to take a hybrid approach, **Evocative's** Los Angeles data center has the **infrastructure, expertise and availability** to meet your current and **future** computing needs.

Evocative owns and operates secure, compliant, high availability data centers across the US.
We are the trusted guardians of our clients' Internet infrastructure.
